

CENTRAL VALLEY CAPTAIN

Regional Planning Session

The goals of CAPTAIN are to establish trainer of trainers at the local level on ASD and a common set of accepted Evidence Based Practices (EBPs), to connect providers from various agencies in hopes of establishing/strengthening local networks and facilitating cross agency communication and training. There are three main outcomes we are hoping local teams can influence through your collaborative work:

- 1. Increase knowledge about ASD and EBPs within your communities*
- 2. Increase implementation and fidelity of use of the identified EBPs by providers and implementers*
- 3. Improve and increase collaboration between the various agencies serving and supporting individuals with ASD*

In order to work toward these outcomes, we have set the following objectives/requirements for the CADRE members:

Requirement of SELPA Nominated Cadre Members:

- Provide at least 1 basic training on autism in your SELPA annually
- Provide at least 3 trainings on specific EBP's in your SELPA annually (EBPs to be determined based on local needs assessment)
- Provide implementation coaching for 3 teachers/programs within your SELPA/School District or Local Education Agency and collect pre and post measures on students and teacher knowledge and implementation of EBPs

Requirements of Regional Center Nominated Cadre Members

- Provide three overview trainings per year on EBPs for Service Coordinators and Regional Center staff
- Provide one overview training of EBPs to vendors each year

Requirements of FRC/FEC/UCEDD Nominated Cadre Members

- Inform your agencies staff of CAPTAIN EBP Resources
- Partner with and support local SELPAs and Regional Centers in providing trainings on EBPs

Collaboration can be the best way to accomplish these outcomes and fulfill the requirements. It can also result in better and more efficient use of training resources. During this time, we want you to think about, share and discuss ways your regional CAPTAIN chapter can work together to accomplish the goals and meet your cadre member requirements.

Brainstorm on Collaboration

What trainings are already taking place that may meet the requirements for CAPTAIN cadre?

Diagnostic Center Central trainings on EBPs.

Central Valley Regional Center is training monthly on EBPs (for staff and vendors)

Central Valley cadre members are doing trainings locally/site-based

How can our organizations work together on training for staff and families?

Have a wider dissemination for invites (flyers at Starbucks, agencies, etc.); Shared responsibility between districts and cadre members to include wider participant population in workshops;

How can our organizations work together to provide training and updates to each other on relevant policy and practice changes that impact services to those with ASD?

Central Valley CAPTAIN group to meet monthly; Subcommittees currently working on including university and agency personnel within local planning group.

Committee formed to examine sharing information and updates to University personnel.

Possibility of webinars – Regional Center may be able to share the series they are producing.

How can our Regional CAPTAIN Chapter connect with other agencies in our area that need to become a part of this network.

We developed our Central Valley CAPTAIN Community Collaboration (CV-CCC) to reach out to universities and other stakeholders.

Our Regional Plan
